Ninth Annual
NEONATAL ADVANCED PRACTICE
NURSING FORUM 2006
May 31 - June 2, 2006
Omni Shoreham Hotel – Washington, DC

FOURTH ANNUAL FACULTY FORUM
Envisioning the Future of APN Education

PRE-CONFERENCE PHARMACOLOGY WORKSHOP
Controversies & Challenges In Neonatal Pharmacology

POINT-COUNTERPOINT DEBATE
Resuscitation with Room Air vs. 100% Oxygen

FEATURED SPEAKERS
Edward F. Bell, MD
Regina M. Cusson, RNC, PhD, APRN
Karla H. Damus, RN, MSPH, PhD
Bernadette Melnyk, RN, CPNP/NPP, FAAN
Jeffrey M. Perlman, MD, ChB

### TRACK D: Professional and Family Issues

<table>
<thead>
<tr>
<th>D1. ANNP's in the UK: Development of the Role</th>
</tr>
</thead>
<tbody>
<tr>
<td>Explore pathways to the ANNP role in the United Kingdom, where a unique integration of faculty and clinical roles prevails. Susan Edwards</td>
</tr>
<tr>
<td>D2. Does Family-Centered Care Include Family Presence During Resuscitation?</td>
</tr>
<tr>
<td>Discuss the pros and cons of family presence during resuscitation, the potential impact on team communication and performance, and identify the essential considerations for implementation. Barbara C. Mordue</td>
</tr>
<tr>
<td>D3. Supporting Positive Parenting in the NICU: The COPE Program</td>
</tr>
<tr>
<td>The innovative COPE program, recently tested in a randomized controlled trial, engages families as caregivers, rather than visitors, in the NICU setting, to enhance outcomes for infants and families. Bernadette Melnyk</td>
</tr>
</tbody>
</table>

### TRACK E: NNP Business Institute: Strategies to Maximize the Financial Contributions of NNP's

<table>
<thead>
<tr>
<th>E1. Building Essential Business Skills for APNs</th>
</tr>
</thead>
<tbody>
<tr>
<td>This session will highlight key differences between a 'job' and a 'practice', provide tips to negotiate a contract, and explore strategies to evaluate the APNs' contribution to the bottom line. Carolyn Buppert</td>
</tr>
<tr>
<td>E2. Billing Workshop 101: Billing Basics</td>
</tr>
<tr>
<td>Learn the basics of what, where, when and how regarding NNP billing. Pragmatic tips on getting started and strategies to bring your organization on board will be shared. Carolyn Buppert</td>
</tr>
<tr>
<td>E3. Billing Workshop 102: Coding for the NNP</td>
</tr>
<tr>
<td>A series of case scenarios will help you with coding concepts, billing opportunities, CPT codes and tips to avoid duplicate billing. Gilbert I. Martin</td>

**Call For Participation**

We invite every NICU, both in the U.S. and abroad, to represent their NNP practice at the Ninth Annual Neonatal Advanced Practice Nursing Forum 2006. The unique format of this program, coupled with outstanding faculty and state-of-the-science presentations, make this the premiere conference for advanced practice nurses. Participants will:

- Examine emerging neonatal therapies, controversies, and state-of-the-science research
- Enhance diagnostic and critical thinking skills
- Solve challenging clinical cases in interactive case-based learning sessions
- Examine current trends impacting APN professional practice
- Strategize with other APNs to promote excellence

**Call For Case of The Year Submissions**

Share your clinical expertise by submitting a challenging clinical case in abstract form. The case should highlight one or more of the following:

- An unusual disease process or diagnostic challenge
- An atypical presentation or outcome of a common disease
- A transport challenge
- A patient safety-related case

Cogent case abstracts should be presented in a mystery format. Well developed cases that have supportive laboratory, diagnostic imaging, and pictures will be prioritized. The case selected for podium presentation will be presented in an interactive session designed to challenge the participants’ diagnostic and critical thinking skills. Once accepted, faculty support for developing the case is provided. The main conference fee is waived for 1 case presenter. Pre-conference fees, travel, and all other expenses remain the responsibility of the presenter. Cases not chosen for podium presentation will be evaluated for suitability for poster presentation.

**Call For Poster Presentations**

Share your expertise in the poster session. Poster categories include:

- Original Research
- Innovations in Practice or Education
- Patient Safety, Quality Improvement, or Benchmarking Initiatives

Abstracts should be no longer than 300 words in 10 to 12 point font, with up to 2 additional bibliography pages. Original research should be presented in the form of a structured abstract (purpose, subjects, design, methods, results, limitations, and implications). Four abstracts will be selected for both podium and poster presentation on the basis of overall quality, originality and appropriateness to APNs. Podium presentations are 10 minutes with 3 minutes for questions.

**Guidelines For Submission**

Submissions must be congruent with conference objectives and will be blinded, peer reviewed, and chosen on their merit. Submissions will not be returned.

- Clearly identify the category of submission [Case of the Year vs. Poster Presentation/Category]
- Abstracts should be limited to one page with title
- Provide two copies of the abstract, one blinded copy (without author(s) name or contact information) and a second copy with author(s) name, credentials, and complete contact information.
- Additional guidelines for the Case of the Year, Posters & Presentations can be found on-line at www.dhmc.org/goto/APNForum2006
- Submissions that do not follow the guidelines will not be reviewed

**DEADLINE: March 1, 2006**
