Primary Care Services

Our primary care departments aim to serve as your Medical Home. Medical Home is a model of care that promotes close partnerships and coordination of care between you and your health care providers. In this model, your care is administered by a physician-led team that works together to provide for your health needs and coordinates your treatment across the health care system. By placing an emphasis on wellness, prevention, health screenings and other strategies, your Medical Home care system promotes close partnerships and coordination of care between you and your team takes a proactive approach to your care, allowing you to take greater responsibility for managing your health.

How to Choose a Provider

All Dartmouth-Hitchcock, we recommend that our patients choose a primary care provider (PCP) to help manage health care needs. Many insurance companies may also request a PCP. We encourage you to choose a primary care provider from one of the departments listed below. If you need help choosing a provider who is right for you or any member of your family, you can call our Patient Orientation team at 1-800-653-0776. They can discuss your specific health needs and register you with a primary care provider. You can also visit us at D-HDocs.org to choose a primary care provider (PCP) to help manage health care online.

Internal Medicine

Dartmouth-Hitchcock Manchester 695-2600
Dartmouth-Hitchcock Bedford 629-1793

Pediatrics

Dartmouth-Hitchcock Manchester 695-2750
Dartmouth-Hitchcock Bedford 695-2817

Family Medicine

Dartmouth-Hitchcock Manchester 629-1870
Dartmouth-Hitchcock Bedford 695-2572

Our office will submit your bills directly to most insurance companies. If you have any questions related to your statement or payment arrangement, please call our Business Office at 1-800-238-0505. Patients are responsible for any co-payments at the time of service. Please note, our lab is operated by Dartmouth-Hitchcock’s Mary Hitchcock Mem-orial Hospital, and billing is an outpatient hospital benefit. Certain insurance plans apply your lab services against your deductible versus you paying a clinical co-payment. Please check with your insurance for specifics related to your plan. For details on the specific terms of your health benefit coverage, we encourage you to contact your insurance provider department of your health plan. The phone number can generally be found on the back of your member identification card. Dartmouth-Hitchcock is a charitable organization and has a financial assistance policy. To apply for financial assistance, download the Financial Assistance Application from our website at dartmouth-hitchcock.org/assistance, or call 695-2997 for more information.

Payment for services: All uninsured/self-pay patients will be accountable for the cost of services before their visits. New Patients must pay a pre-service payment fee of $100.00 before their first visit. Established patients are required to pay $50.00 before each of their visits. Any outstanding balances will be due at registration and if you cannot make payment or partial payment, you may meet with a financial counselor to identify payment options, including financial assistance. Payment can be made by cash, check or credit card.
