PROCEDURE DAY

Drink only allowed clear liquids.

4 HOURS PRIOR TO ARRIVAL: Start drinking Miralax (119 grams or 4 oz) in 32 ounces of clear, non-carbonated liquid and **drink within 1 hour.**

2 HOURS PRIOR TO ARRIVAL:

- Nothing by mouth
- No gum or candy
- No smoking
- No water

Take ALL medications as prescribed by your physician for:

- cardiac
- anti-seizure
- anti-anxiety
- respiratory
- anti-hypertensive (blood pressure)
- gastrointestinal medications

*Take inhalers as prescribed and bring them with you to your appointment.

*Do not take diuretic (water pills) medications.

TRANSPORTATION

You MUST make arrangements for someone to drive you home, if you will be receiving any type of anesthesia or sedation.

This person must be with you at check-in to confirm time for pick up. If you need to take a taxi, you **MUST** have a responsible person to accompany you in the taxi. **If you do not have a ride, your procedure will be cancelled.**

If you are responsible for small children, make arrangements for their care during your procedure as well as for the remainder of the day.

BILLING

Please note that you will be billed separately from Amoskeag Anesthesia, PLLC for the anesthesia services provided during your procedure. Questions regarding these charges can be directed to (800) 242-1311.

INSURANCE INFORMATION

Please know your insurance guidelines! If your insurance requires a PCP authorization (insurance referral), please be sure our office has received this prior to your procedure. Please do not assume that your primary care physician's office has taken care of this. This is not necessary if your primary care physician is a Dartmouth-Hitchcock provider. Please note that we do not accept the following Medicare plans: Medicare Humana, Martin's Point Generation and New England Community Care.

Ask your insurance company: *Am I 100% covered for a colonoscopy? Have I met my deductible and what can I expect for out of pocket expenses?*

Notify D-H Gastro Scheduling at 603-629-8299 immediately of any health changes, such as a cold with a fever, within 48 hours of your scheduled procedure, or if you have any questions.
