

# Project SEARCH Happenings

Winter 2018-2019

## Program Highlights

Interns are interviewing for new sites and have already given their supervisors their two week notice.

- ⇒ **Dario** is looking forward to working in Radiology. He has been interested in this field since before he came to the program.
- ⇒ **Zachary** is excited to learn the skills needed to be a successful housekeeper. He will be helping out in the patient towers.
- ⇒ **Tyler** is happy to be working as part of a team in Dietary Services. He hopes the skills he gains will continue to build on his passion for providing excellent customer service.
- ⇒ **Savannah** is up for the challenge of working in Central Sterile Reprocessing. She thinks that what this department does is really cool and can't wait to learn more about it.
- ⇒ **Olivia** will be working with the Pediatric nursing staff. She has heard that this is a busy internship and is excited to be a part of that team.
- ⇒ **Tatyana's** interested in gaining transferable skills that will help her in becoming a vet tech or occupational therapist. She is happy to be working with the Perioperative team in the operating rooms.

*Happy Holidays  
from the  
Project SEARCH Interns and Staff!*

## **Interested in Project SEARCH?**

Recruitment is underway for the 2019-2020 class. In November we had a fabulous turnout for our Open House. The interns were excited to share their experiences with all the attendees. We had family, friends, D-H employees, future interns and many more.

If you or someone you know is interested in learning about Project SEARCH at Dartmouth-Hitchcock check out the following links:

## **IMPORTANT DATES TO REMEMBER**

Holiday Break—December 22nd—January 1st

Information Night: Tuesday, January 22, 2019 (make-up day 2/5/19), 5:00 to 6:00 pm

Information Night: Wednesday, February 13, 2019 (make-up day 2/27/19), 5:00 to 6:00 pm

Application Deadline for 2019-2020 is March 22, 2019

# 1st Internship Rotation

*Olivia is helping to clean hundreds of lenses in the eye clinic exam rooms.*

## Ophthalmology

*Olivia has learned to operate the photocopier and change out the paper.*

*Dario is picking up tickets from dispatch. He has been delivering equipment and materials throughout the hospital.*

## Supply Chain Transportation

*Dario has learned about transporting patients by shadowing one of his co-workers.*

*Tatyana is counting the inventory of blood products which include frozen plasma, cryo and hemophilia medications.*

## Blood Bank And Patient Towers—1 East

*Tatyana is learning parts of the Unit Support Assistant's job; replenishing blanket warmers, turning over rooms, helping with the discharging of patients, collecting linen bins, etc.*

# 1st Internship Rotation

## The Gift Shop at Dartmouth-Hitchcock

*Tyler is checking and restocking inventory. He also helps with breaking down and recycling boxes after unpacking shipments.*

*Tyler's favorite task in this site is helping customers and running the cash register. He has learned the importance of customer service.*

## Gastroenterology Administration and Clinic

*Savannah has been trained to work in OnBase and eD-H. She has been helping the administrative staff with electronic patient records.*

*Savannah sorts and distributes the mail everyday. She is also working in the clinic turning over rooms and assembling patient care bags.*

## Environmental Services Waste Management

*Zachary is sorting blue wrap to be recycled. He recycles cardboard, paper, blue wrap, plastics, etc.*

*Zachary has learned to operate an industrial paper shredder and cardboard compactor.*
