

Cornerstone Webinar Series: Current Cannabis Trends and Impacts

These webinars are foundational and provide an opportunity for people across state to get up to date information on the latest cannabis trends and impacts on youth.

Latest Trends in Cannabis and Youth Tuesday, September 7, 2021 1:30 - 3:00 pm

This session covers street-level trends and influences that have arisen with the arrival of cannabis legalization. Officer Galloway will cover new forms including, dabs, wax, oils, shatter, THCA crystals, edibles and more. Also, highlighted will be Delta 8 and Delta 10 THC. He will show examples from different states that have legalized cannabis, including:

New products Trends Cannabis-related items

Presenter

Officer Jermaine Galloway, known as the “Tall Cop”, is a nationally and internationally recognized presenter, national award winner and resource for those involved with prevention, education, treatment and enforcement.

Consequences Of Cannabis Use and Legalization on Youth Thursday, September 9, 2021 9:30 - 11:30 am

Through a panel discussion, the physical consequences and mental health impacts of adult and youth cannabis use on today’s Vermont youth will be explored. Topics that will be discussed include the consequences and impact of family use on youth, the consequences of lack of perceived risk and normalization by society, media and messaging on youth and their use, and the impact of youth cannabis use on families.

Panelists

Michelle Bos-Lun, MA. Educator, Parent and Vermont Legislator

Alan J. Budney, Ph.D. Professor Geisel School of Medicine at Dartmouth, Center for Technology and Behavioral Health

Jill Rinehart, MD, Pediatrician and Director of Pediatric Residency Program, University of Vermont Children’s Hospital

Moderator: Scott Gagnon, Director of the New England Prevention Technology Transfer Center (PTTC)

Who Should Attend?

These webinars are intended for and open to people across the state of Vermont interested in getting up to date information on the latest cannabis trends and impacts on youth. This includes parents, school staff, local and state level decision makers and other community members seeking more information on cannabis and youth.

These trainings are offered at no charge through the Vermont Department of Health, Alcohol and Drug Abuse Programs (ADAP).
