Does this report include community benefit information for affiliated or subsidiary organizations?  
No

## Section 2: Mission & Community Served

### Mission Statement

We advance health through research, education, clinical practice and community partnerships, providing each person the best care, in the right place, at the right time, every time.

### Has the Mission Statement been reaffirmed in the Past Year (RSA 7:32e-I)?

Yes

### Service Area

Community may be defined as a geographic service area comprised of the locations from which most service recipients come (primary service area) or a subset of the general population that share certain characteristics such as age range, health condition, or socioeconomic resources. For some trusts, the definition of community may be a combination of geographic service area and a subset of the population within that area. Please include information from the drop down lists and narrative field as applicable to sufficiently describe the community served.

Did the primary service area cover ALL of New Hampshire?  
Yes

### Service Population Description

Dartmouth-Hitchcock serves the general population with a wide range of primary care, hospital, and specialty health care services. D-H provides primary health care to populations in regions where our outpatient clinics are located. D-H also provides the larger population of NH and VT with other specialty health care or unique health care services not provided elsewhere in NH and VT.

## Section 3.1: Community Needs Assessment

In what year was the last community needs assessment conducted to assist in determining the activities to be included in the community benefit plan? (Please attach a copy of the needs assessment below if completed in the past year)

- 2019
