

Dartmouth Health *presents*

THE WISDOM OF TRAUMA

Can our deepest pain be a doorway to healing?
FEATURING DR. GABOR MATÉ

One in five Americans are diagnosed with mental illness in any given year. Suicide is the second most common cause of death in the US for youth aged 15-24. Drug overdose kills 81,000 in the US annually. The autoimmunity epidemic affects 24 million people in the US. What is going on?

In *The Wisdom of Trauma*, we travel alongside physician and bestselling author Dr. Gabor Maté to explore why Western society is facing such epidemics. This is a journey with a man who has dedicated his life to understanding the connection between illness, addiction, trauma and society.

Tues, June 20th 6pm

Lebanon School District
Admin Building
