

WELCOME to the

Libraries as a Third Place ECHO: Navigating Community Health

This training is supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) as part of an award totaling \$1.8 million with 0% financed with non-governmental sources.

The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by HRSA, HHS, or the U.S.

Government.

Series Learning Objectives

- Describe current and potential roles for libraries in supporting the health of their communities
- Nurture partnerships between libraries and community-based health professionals to better support the health needs of communities
- Support Librarians to provide programs to support individuals and groups with specific health or social needs

- Poll
- Discussion
- Summary
- Up Next

What is a Third Place?

The concept was introduced by American sociologist." Ray Oldenburg Describes informal public gathering places that foster social interaction, community building, and a sense of belonging.

1st place: Home

2nd place: work or school

3rd: community

Parameters of a Third space

Third spaces are casual and social environments that follow similar social "rules"

- 1) Neutral Ground People can come and go freely without obligation. Free of hierarchies and social status
- 2) Conversation as a Main Activity Social interaction is central, often informal and engaging.
- 3) Accessibility & Accommodation The space is welcoming, open, and easy to access.
- 4) Regulars & Newcomers There is a core group of frequent visitors, but newcomers are also welcomed.
- 5) Low Cost or Free Minimal financial barriers to participation.
- 6) Home Away from Home People feel a sense of belonging and connection.

How are libraries third spaces

Neutral & Inclusive Space – Open to everyone regardless of background, income, or status, fostering community connection.

Encourages Social Interaction – Offers book clubs, study groups, workshops, and community events that bring people together.

Accessible/ Low cost – Free access to books, technology, meeting spaces, and other resources makes it an inclusive gathering place.

Supports Lifelong Learning – Provides educational programs, research assistance, and digital literacy support beyond formal schooling.

Comfortable & Safe Atmosphere – A quiet, welcoming environment where people can work, relax, or connect without pressure to spend money.

All together: Libraries as third place and healthcare

Social Connection & Mental Well-being – Libraries reduce isolation especially in rural communities by providing a welcoming space for social interaction, support groups, and community programs.

Health Literacy & Resources – Libraries offer reliable health information, workshops, and access to telehealth services, improving public health knowledge and decision-making.

Equitable Access to Services – Free access to computers, Wi-Fi, and community programs helps bridge health disparities by connecting individuals to job resources, healthcare information, and social services.

Libraries as a Third Place ECHO: Navigating Community Health

Session 2, Behavioral Health, April 3, 2025

Agenda

- Introductions
- Statewide Resources
- National Resources
- What can libraries do?
- Sustaining yourself at work
- Suggested books for circulation

Call or text if you need mental health or substance use support.

833-710-6477

NH RAPID RESPONSE ACCESS POINT

At no cost to you, we are here to help.

988

NATIONAL SUICIDE & CRISIS LIFELINE

Call to speak to someone 24/7.

211

YOUR LOCAL DOORWAY

Confidential access for substance use and recovery resources.

Help is here, it's for you. There are lots of ways to get connected.

Different pathways all leading to the same place: a New Hampshire where getting help is the strong thing to do.

A STRONGER YOU. A STRONGER NEW HAMPSHIRE.

NH Rapid Response or the 988 Suicide and

Crisis Lifeline. Confidential and no cost to you.

dhhs.nh.gov/strongasgranite

Peer Support

- Peer Support Agencies (PSAs) are private not-forprofit agencies located throughout New Hampshire that have contracted with the NH Department of Health and Human Services to provide mental health support. Peer support services are provided by and for people with a mental illness and are designed to assist people with their recovery.
- Recovery Community Organizations (RCOs) are peer-led and peer run agencies that offer services to support people in their recovery from substance misuse. The RCOs support all pathways to recovery and offer peer recovery coaching, telephone support, and mutual aid groups.

National Resources

- NAMI (National Alliance on Mental Illness)
- www.nami.org
- Search by state from link on national website, or directly by state For example:
- New Hampshire: www.naminh.org
- Maine: www.namimaine.org
- Massachusetts: <u>www.namimass.org</u>
- Vermont: <u>www.namivt.org</u>

National Resources

- National Institute on Mental Health (NIMH)
- www.nimh.nih.gov
- Substance Abuse & Mental Health Services Administration (SAMHSA)
- www.samhsa.gov

Education

Support

Advocacy

We are here for you.

Come as you are, and find **support**. We have groups both online and in-person to support individuals and families along their journey of mental wellness.

A Group for Everyone:

In-Person & Virtual Support Groups

- Peer Support for adults who have had symptoms of a mental illness
- Family Support for family members and friends of adults with mental illness
- Parent Support for caregivers of children & adolescents with social/emotional challenges
- Survivors of Suicide Loss for adults who have lost a loved one to suicide

Closed Facebook Support Groups:

- Family & Friends of Adult Loved Ones with Mental Illness
- Family & Friends of Loved Ones Experiencing Early Psychosis
- Caregivers of Children & Adolescents with Social/Emotional Challenges
- · Military & Veteran Families

Groups for Young Adults:

- Life Under Construction on Facebook
- @lucnaminh on Instagram, X, and TikTok

To learn more about our support groups, scan the QR code, or call NAMI NH's Info & Resource line:

3 1-800-242-6264 EXT4

NAMI NH Information & Resource Line

1-800-242-6264 press 4 or 8 for Spanish or info@NAMINH.org

Do you have a child/youth waiting in the Emergency Department for mental health services?

To Connect with Family Peer Support:

- Contact Heidi Cantin (<u>hcantin@NAMINH.org</u> or call/text 603-568-5771)
 during normal business hours (M-F, 9-5).
- Outside of business hours, visit <u>tinyurl.com/NAMINH-EDSupport</u> to complete the form or scan the QR code for a prioritized response.

Support

Education Advocacy

Knowledge is Power

Come get a more in-depth understanding of mental illness and resources available. Our educational programs are taught by staff and individuals with lived experience.

A Class for Everyone:

Courses for Families & Friends

- . NAMI Basics for any parent or caregiver of a youth (age 21 and younger) with a mental health condition
- . NAMI Family-to-Family for family and friends who have an adult in their life with mental illness
- . NAMI Peer-to-Peer for adults with mental health conditions who are looking to better understand themselves and their recovery
- Side by Side for families and caregivers of older adults diagnosed with a mental health condition
- · Connect Suicide Prevention Program a National Best Practice training program in suicide prevention, intervention, and response to a suicide death

Community Education

- . NAMI In Our Own Voice a presentation given by trained individuals sharing a personal perspective of mental health conditions to educate the public on recovery from mental illness
- Ending the Silence a presentation geared towards middle & high school students, school staff & parents.
- Life Interrupted a recovery education presentation featuring trained presenters who have a family member with a mental health condition
- SurvivorVoices trained presenters share their story of suicide loss to promote healing and understanding
- Professional Development workshops and trainings on mental health and suicide prevention are available for educators, businesses, and community organizations
- Crisis Intervention Team Program mental health awareness and de-escalation training for law enforcement and first responders

To learn more about our education programs, scan the QR code, or call NAMI NH's Info & Resource line:

Advocacy

Education

#Act4MentalHealth

Advocate for change by collaborating to fight stigma and discrimination while advancing positive solutions.

Your Voice Matters:

Advocacy Opportunities

- . It's Your Move Advocacy Training (Basic 1.0 & Advanced 2.0) provides participants with the skills and confidence to engage local officials one-on-one or within a group such as a community legislative forum; learn how your story can be a vehicle for change
- · Public Policy Alerts legislative updates delivered directly to your inbox with action steps for urgent policy matters; opportunities include sending emails, making calls, and attending hearings
- . Public Policy Committee take a seat at the (virtual) table to plan and monitor advocacy initiatives
- . 603 Stories share your story with this anti-stigma campaign designed to connect folks with help and hope
- · Get in touch advocacy@naminh.org

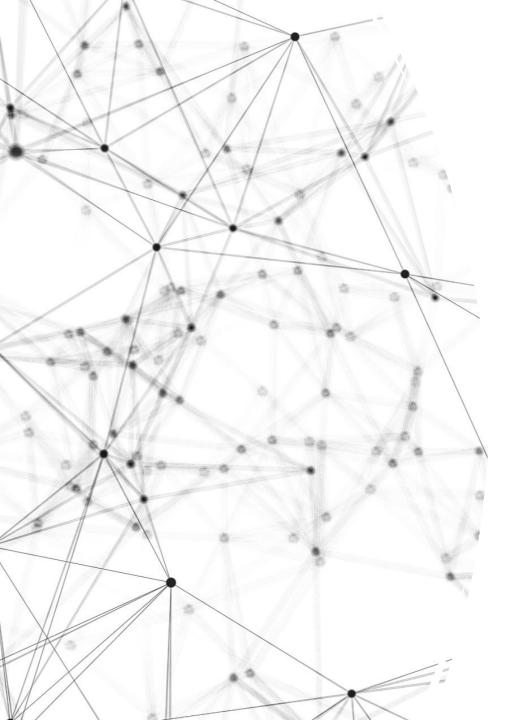

1-800-242-6264 EXT4

NAMI NH Information & Resource Line

1-800-242-6264 press 4 or 8 for Spanish info@NAMINH.org

How can public health partners support you?

- Connect to and help understanding additional resources such as local, regional, state and national data
- Identifying vetted, trusted programs and speakers
- Evidence-based prevention strategies, trainings, curriculum and consulting with Certified Prevention Specialists staff
- Connection to resources and providers across prevention, intervention, treatment and recovery
- Following rapid changes in the landscape of mental health, substance use disorder and suicide prevention, intervention, treatment, recovery, insurance issues, other trends
- Increased collaboration with other providers and services to better serve your community

What can Libraries do?

- Change our own language
- Become informed and empowered through training
- Host community education sessions
- Reduce stigma
- Know where to refer
- Join community collaboratives (RPH, 988, SPC)
- Trainings (connect, QPR, MHFA)
- Connect with NAMI, AFSP, DHHS, DBHRT, CMHC to assist the community
- NaloxBox
- Narcan training and availability

- Keep resource cards available for community members
- Post public awareness campaigns
- Have materials available to help community members understand behavioral health
- Create a safe and supportive place for all
- Become a Recovery Friendly Workplace
- Workplace wellness/recovery friendly
- Host books clubs on the topics
- Normalize help-seeking

Words Matter

-

Use the guide below as a simple and caring approach to bust myths and stereotypes.

Inclusive language can help people feel more comfortable and reach out for support when needed.

PRINCIPLE	DESCRIPTION	CONSIDER SAVING	AVOID
Person-First Language	Person First means using language to recognize a person's experience with mental health as only part of them as a person, and not the whole.	Person living with schizophrenia. My brother living with OCD. She is a person recovering from addiction.	A schizophrenic. My OCD brother. She is an addict.
Normalizing Language	Normalizing what one is going through and not minimizing or judging their experience with mental health can help people open up more	It's understandable to be feeling down with everything going on. What you're going through is challenging.	Depression is not a bad illness to have. Some people have it way worse. Why can't you just chill out?
Colloquial Language	Words and phrases that are second-nature to us (slang or colloquial expressions) may be rooted in problematic assumptions, which can hurt those around us.	I'm having trouble focusing. The weather is fluctuating a lot today. I like things done in a particular way. That's unreal/wild!	I have such ADD right now. This weather is bipolar. I'm so OCD about this kind of stuff. That's crazy/insane
Language Around Suicide	As one of the most stigmatized topics, it's helpful to have the right language when talking about suicide. Research shows that talking about and explicitly asking about suicide can greatly reduce the risk of someone dying by suicide.	Died by suicide. Ended their own life. Attempted suicide. Sometimes when people feel this way, they think about ending their life. Are you having these thoughts? That was so hard (avoid mentioning suicide casually).	Committed suicide. Successful suicide. Unsuccessful suicide. You're not thinking of killing yourself, are you? OMG I wanted to kill myself, that was so hard.

Housing

Dee Pouliot, Managing Director

New Hampshire Housing Finance Authority

Housing Choice Vouchers and Public Housing

Housing Choice Vouchers

- 11,034 Housing Choice Vouchers (Section 8) available in New Hampshire
- Administered by 18 local public housing authorities (PHAs)
- Each PHA maintains its own waiting list. Applicants can apply to more than one PHA
- Over 9,000 applicants on NH Housing's waiting list
- 4,361 vouchers administered by New Hampshire Housing
 - Vouchers can be used for homeownership assistance
 - Special voucher allocations for Veterans, Mainstream, Family Reunification, Foster Youth to Independence and Emergency Housing Voucher Programs

Public Housing

- 3,508 units of housing available
- New Hampshire Housing does not own Public Housing

Waiting List Preferences at NH Housing

- Higher Ranking Preferences: 1-3 years possible wait
 - Terminal Illness Households with a family member who has a terminal illness
 - Home and Community Based Service Waivers. This preference is capped at 50 vouchers per calendar year and includes the following eligibility criteria:
 - Developmental disabilities (DD Waiver)
 - In-home support for children with developmental disabilities (HIS Waiver)
 - Acquired brain disorder (ABD waiver)
 - Adults with nursing home level care (CFI Waiver)
 - Individuals under 62 years of age who are transitioning out of a nursing home to a more independent setting
- Longer Wait: 7-9 years
 - People who are rent burdened / at risk of homelessness come after the higher-ranking preferences
 - This includes victims of domestic violence and veterans

How to apply at New Hampshire Housing

Apply at NHHousing.org/apply

Application is available in English and Spanish

Call **1-800-439-7247**, select call center for information or to request application

Applicants are placed on HCV list by date of application and preference

Housing Search

Search for Housing https://www.nhhfa.org/rental-assistance/search-for-housing/

 New Hampshire Housing has partnered with <u>AffordableHousing.com</u>, which provides an enhanced program to list rental properties online. Listings are available to potential Housing Choice Voucher holders or tenants looking for affordable apartments, duplexes, single-family homes, or townhomes nearby.

Directory of Assisted Housing

 Our Directory of Assisted Housing lists rental properties that offer income restrictions or rent subsidies for low-income families and seniors. It is updated on a regular basis by New Hampshire Housing to provide consumers, housing interest groups, and others with a guide to rent-assisted housing properties throughout the State. The publication is organized by county and community.

Resources for Renters

• <u>Emergency Shelter/Housing</u>: Call 2-1-1 or visit <u>211NH.org</u> for information on shelters and other housing information.

211 NH is the connection for NH residents to receive resources they need from specially trained Information and Referral Specialists. 211 NH is available 24 hours, 365 days a year. Multilingual assistance and TDD access is also available. For those outside of New Hampshire, call 1.866.444.4211.

- <u>603 Legal Aid</u>: If you need assistance with an eviction, contact 603 Legal Aid, which provides free civil legal services to low-income people.
- <u>CAPNH.org:</u> Community Action Partnership (CAP) agencies offer housing, food, weatherization, child care, energy assistance and other services.

Food and nutrition support

ECHO April 9, 2025

Chelsey Canavan, MSPH

Manager, Center for Advancing Rural Health Equity

Population Health Department

Dartmouth Health

Food security means access by all people at all times to enough food for an active, healthy life.

Nutrition security means consistent access to and availability and affordability of foods and beverages that promote well-being, while preventing—and, if needed, treating—disease.

Prevalence of household food insecurity (2023)

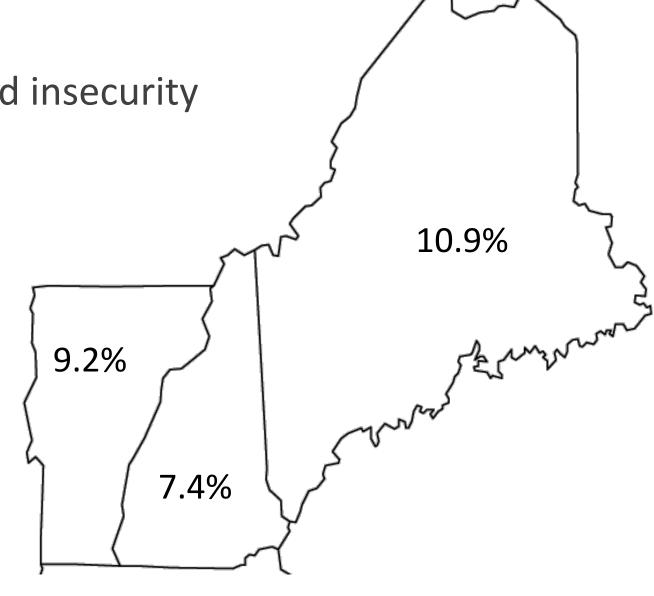

Nationally: 13.5%

Households with children: 17.9%

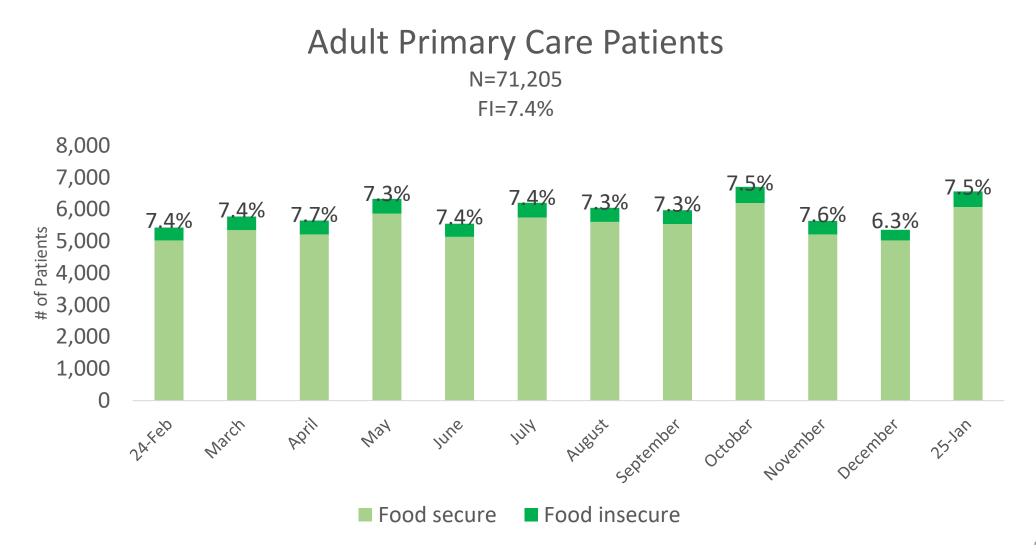

Higher in rural areas: 15.4%

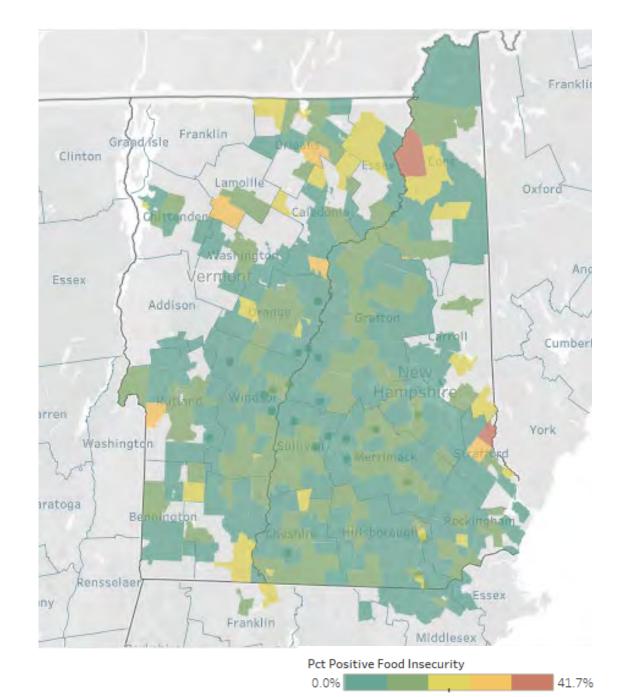

Hh with children: 20.3%

Lower in the northeast: 12.0%

Food Security Screening at Dartmouth Health

Food insecurity among adult DH primary care patients, by zip code, Feb 1 2024 – Jan 31 2025

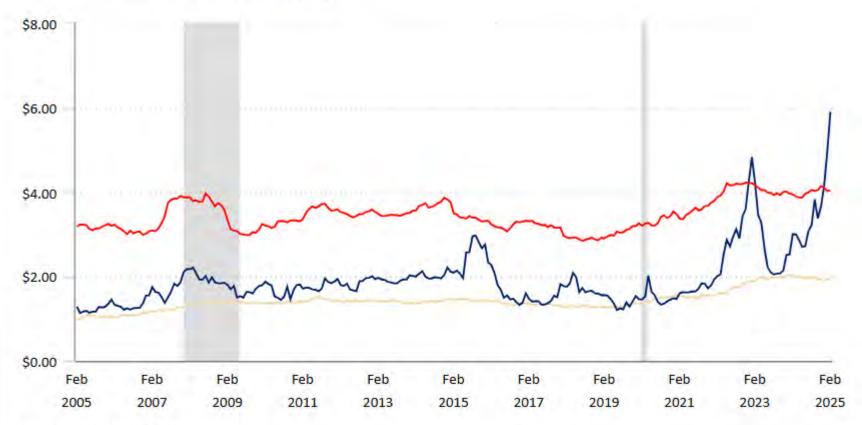

Hispanic/Latino: 17.3%

Black/African American: 18.2%

Average price data (in U.S. dollars), selected items

- Bananas, per lb.
- Bread, white, pan, per lb.
- Chicken, fresh, whole, per lb.
- Eggs, grade A, large, per doz.
- Ground chuck, 100% beef, per lb.
- Milk, fresh, whole, fortified, per gal.

- Oranges, Navel, per lb.
- Tomatoes, field grown, per lb.
- Electricity per KWH
- Gasoline, unleaded regular, per gallon
- Utility (piped) gas per therm

These 10 Foods Will Likely Cost More Thanks to Tariffs

By Kelly Bryant

Published On Apr. 03, 2025

ERIK ISAKSON/GETTY IMAGES

What does food insecurity look like?

- Choosing between food and other basic needs
- Eating less; less frequently
- Prioritizing food among household members
- Cheap, highly processed and fast foods

Food insecurity impacts diet and nutrition

Food insecurity affects dietary quantity and quality for adults and children

Low-income, food-insecure households spent less on food, purchased fewer calories overall, and had lower nutritional quality food purchases than low-income, food-secure households

Food insecurity impacts health outcomes

• Children

- Asthma, anemia, colds, stomachaches
- Obesity
- Depression, anxiety
- Suicidal ideation, attempted suicide (in adolescence)
- Cognitive, academic, behavioral, and socio-emotional outcomes

Adults

- Overweight and obesity
- Diabetes, hypertension
- Depression, anxiety, sleep disorders
- Health-related quality of life
- Increased health care utilization and cost

Get to know these food resources

Other public nutrition programs

- Child and Adult Care Food Program (CACFP)
 Healthy meals and snacks in child care centers, family child care homes, after school programs, emergency shelters, and adult day care programs
- National School Lunch Program & Breakfast Program Low-cost or free food for children at school
- Commodity Supplemental Food Program (CSFP)
 A monthly package of foods for low-income adults age 60+
- Old Americans Act / Meals on Wheels
 Daily meals for adults 60+ through congregate feeding or at home (MOW)

Food Banks

- Tons of resources
- Maps of member locations
- Mobile food pantry schedule
- SNAP assistance
- Job training
- Cooking Matters
- And more!

AGENCY PORTAL

Get to Know Us What We Do Get Involved In the Know Agency Portal Acc

The NH Food Bank distributes food to more than 400 partner agencies across New Hampshire including food pantries, homeless shelters, soup kitchens, children's programs, senior centers and more. Search our list of partner agencies to find a food assistance program near you.

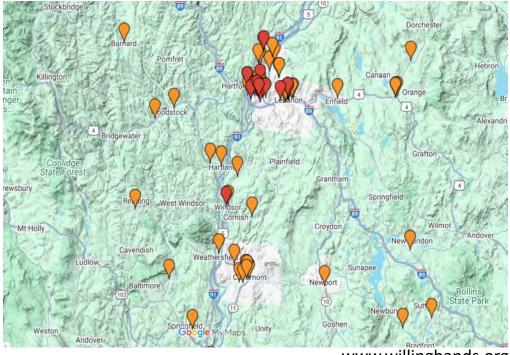

Other resources

- Local food pantries and food shelves
- Senior Centers
- Local school district
- NH Hunger Solutions
- Hunger Free VT

What else?

Make **brochures/materials** available to everyone & easy to access.

Help **normalize the conversation**: "A lot of people are having a hard time right now with these high food prices."

Consider **capacity to host** a food shelf, food drive, etc.

Host or promote **community gardens**.

Consider **books/events/activities** related to healthy eating for adults and children.

Accessing civil legal services in New Hampshire

Beyond Books ECHO Libraries Supporting Community Health & Social Services

How can you client get help?

Apply online AS SOON AS POSSIBLE! www.603legalaid.org

Or have your client call us at 603-224-3333

Monday-Thursday 9AM-12:30PM

Who we are

We are the mash up of the former Legal Advice & Referral Center and the Pro Bono Referral Service

We came into existence on June 1 2021

We do all of the things!

- Centralized intake for all civil legal service issues in the state
- Advice and counsel in house (for housing and family matters)
- Referral to pro bono attorneys
- Low Income Taxpayer Program
- DOVE
- Clinics

Areas we can help with

Housing (evictions, foreclosures, etc)

IRS Tax issues

Domestic Violence

Family Law

Bankruptcy and consumer protection

Criminal Record
Annulment

Administrative Hearings

Wills, POA, estate planning, advanced directives

Individual Rights

Special Considerations-DOVE Project

This is a collaboration between 603LA and the crisis centers through the state to connect clients who need representation at final protective order hearings

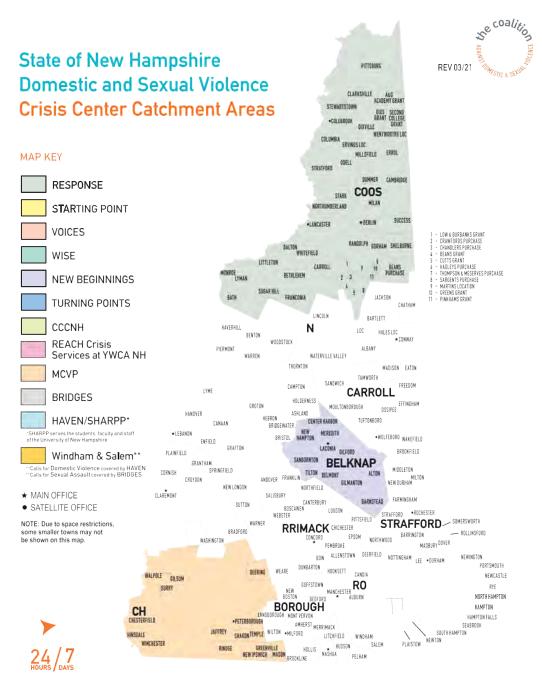

Volunteers commit for a limited scope of representation

Special Considerations-DV cases

If your patron is the victim of domestic violence the best way to get them help is to direct them to, the local crisis center

Cases that come in through the crisis centers are screened by specially trained DV paralegals and the cases are routed to the appropriate in-house attorney, to NHLA for their DV project, or to a pro bono attorney through our DOVE Project

Special Consideration-IRS Tax Cases

603LA has a Low-Income Taxpayer Project funded by a grant from the IRS

The entire mission of this project is to help people with their IRS tax issues

There are loads of free tax prep options for low-income people

- AARP provides free tax preparation for taxpayers regardless of age. 1-888-AARPNOW
 - Focus is on those over 50
- Can also receive fee tax preparation at their local Volunteer Income Tax Assistance (VITA) center--:
 https://www.graniteuw.org/our-work/granite-united-way-initiatives/volunteer-income-tax-assistance

Major take away: encourage your patrons to file their taxes, and if they need help, have them contact us! Our clients leave tons of money on the table because they are afraid of filing their taxes

If you have questions on behalf of your client, reach out to Lee Goldberg (lgoldberg@603legalaid.org)

Questions??

Call or email me ANYTIME. I mean it. I want to help you and your patrons.

603-584-4145 (this is my direct line)

Libraries as a Third Place ECHO: Navigating Community Health

Session 4, Child and Family Welfare, May 1, 2025

New Hampshire DHHS Division for Children, Youth and Families Overview

ECHO

May 1, 2025

Division for Children, Youth and Families

- Role of DCYF
- Mandated Reporting
- DCYF Assessment Process

DCYF Mission Statement

DCYF partners with families and communities to provide resources and supports that lead to the safety and healthy development of children and youth, and the communities in which they live.

Division for Children, Youth and Families The **Division for Children, Youth and Families (DCYF)** plays an important role in the child well-being and family strengthening system, working with families and children in the communities in which they live.

Child Protection

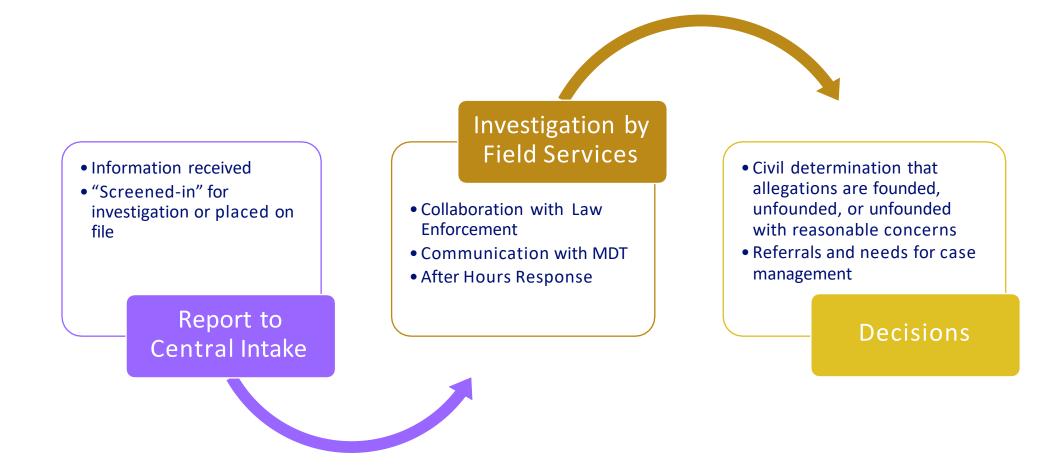

Juvenile Justice

Sununu Youth Services Center (SYSC)

Supporting Functions

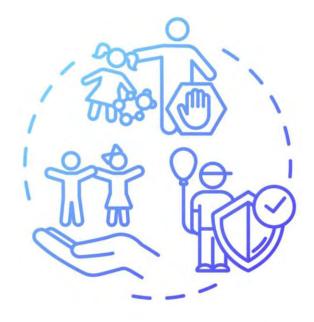

- Child Protective Services (CPS) works to protect children from abuse and neglect while attempting to preserve the family unit.
- Child Protective Service Workers (CPSWs) help prevent further harm to children from intentional physical or emotional abuse, sexual abuse, exploitation or neglect by a person responsible for a child's health or welfare.

Child Protective Services

The Role of DCYF

- DCYF is the agency mandated by RSA 169:C:34, II to assess allegations of child abuse or neglect.
- DCYF Central Intake is available 24 hours a day, 365 days a year to take reports of child abuse or neglect.
- After hours DCYF has Field Services staff available between 4:30 p.m. and 8:00 a.m., Monday through Friday and on weekends and holidays, to respond when there are concerns that a child is in imminent danger of abuse or neglect.

CHILD PROTECTIVE SERVICES

Who is Mandated to Report?

Anyone who suspects child abuse and/or neglect.

Persons Required to Report: Any physician, surgeon, county medical examiner, psychiatrist, resident, intern, dentist, osteopath, optometrist, chiropractor, psychologist, therapist, registered nurse, hospital personnel (engaged in admission, examination, care and treatment of persons), Christian Science practitioner, teacher, school official, school nurse, school counselor, social worker, day care worker, any other child or foster care worker, law enforcement official, priest, minister, or rabbi or any other person having reason to suspect that a child has been abused or neglected shall report the same in accordance with this chapter. (RSA 169c 169-C:29)

Source: 1979, 361:2, eff. Aug. 22, 1979.

Time and Place to Report

- ALL new reports shall be directed to DCYF Central Intake
- Central Intake is available to take reports
 24 hours a day, 7 days a week.

1-800-894-5533 (in state) or 603-271-6556 (local or out-of-state)

Deciding to Report

Any time you suspect there is abuse and/or neglect, you are mandated to report. The Intake CPSW will use your report and other resources to determine if an assessment is warranted.

Some agencies have internal protocols regarding when and how to report, such as informing a supervisor or requesting a supervisor's permission prior to reporting. This is not law or DCYF policy. Please do not allow these protocols to impede your report. If you are unable to meet with your supervisor immediately, make the report to DCYF and follow up with your supervisor at a later time. If you suspect abuse and/or neglect, you are mandated to report even if your supervisor does not agree.

You Are Protected

Anyone participating in good faith in the making of a report pursuant to this chapter is immune from any liability, civil or criminal, that might otherwise be imposed. (RSA 169-C:31 and RSA 161-F:47).

Any reporter can remain anonymous (by not giving their name or phone number at the time of the Intake).

Any reporter can request their name be confidential (may become known if there is court involvement or police notification).

Demographic Information

- Who
- Children (victim and siblings)
- Parents/bio & step
- Guardians (if other than parent)
- Any other household members
- What
- Names
- Dates of Birth
- Addresses
- Phone numbers
 - Home
 - Work
 - Cell

Please try to provide as much information as you can!

Substantive Report Information

- How was the information obtained?
- What is the relation of perpetrator?
- Who was present?
- Dates and times of incidents
- What was the method of harm?

- What is the frequency and severity?
- What risk factors?
 - Substance abuse
 - Domestic violence
 - Mental and/or physical impairments
- Any other information?

DCYF Intake Decision-Making

Decisions to screen-in a report are based on NH state law, DCYF policy, and the application of structured decision-making tools:

- Each report is examined in detail to determine if it meets the criteria for abuse or neglect warranting an investigation.
- If none of the screen-in criteria apply, a DCYF investigation will not be initiated unless assistance is specifically requested by law enforcement.
- Intake staff will ask questions and request information to inform the decision.

RSA 169:C available online at www.gencourt.state.NH.us/rsa/html/indexes/default.html

Report Disposition

Each report will have one of the following dispositions:

- Assessment
 - Meets the criteria for abuse/neglect
 - Assigned to a District Office for investigation
- Screen Out
 - Does not meet the criteria for abuse/neglect
 - Kept on record at intake
- Additional Information (Add. Info.)
 - Does not meet the criteria for abuse/neglect
 - An open assessment or case exists on the family
 - Attached as FYI to assessment or case

Why Community Navigator?

DCYF envisions a child-and-family-serving system where families are supported in a variety of ways to include being connected to appropriate supports and community resources without being involved with DCYF. Families should receive the right services at the right time and place to meet their needs.

An early focus in the transformation of our child and family serving system has been to find ways to ensure that the right intervention is made available when concerns about a family are made to the child abuse and neglect hotline.

New Hampshire's hotline historically provided a binary response to concerns of abuse or neglect: calls were either screened-in or screened-out. Recognizing that a child protection investigation is not always the best intervention and may in fact result in families turning away from supports, work was initiated to identify the types of concerns that tend to result in low risk/unfounded assessments.

Target Population

The primary target population for the Community Navigator program includes families who are reported to DCYF Central Intake but do not meet the state criteria for a formal assessment and as a result has been screened out but could benefit from continued community supportive services referrals by the Community Navigator program.

Pregnant Person

Primary Caregivers under the age of 26

Child in the household under the age of 3

Nonparental
caregiver as
the Legal
Guardian

Community Navigator

Purpose	Outcomes
Outreach/Educate Reporters	 Enhance their knowledge of appropriate community services and resources available to help families in need. Provide them with a skillset to work directly with families in need. Help shift their role from just reporting concerns to actively supporting families in need.
Outreach Families	 Help families navigate and engage with available community resources. Address disproportionality amongst increased reporting on families of color. Disproportionality can be reduced if families are able to know what is available, access the necessary resources and engage with supportive services.

Response Level

When a report is sent for assessment:

- Response level is determined at Central Intake using a standardized decision-making process that factors in details such as the age of the child, severity of injury, access of the perpetrator and prior reports of abuse/neglect.
- The response level will be one of the following:

- Level I: 24 hours

- Level II: 48 hours

- Level III: 72 hours

Assessment Time Frames

A time frame will be set for making face-to-face contact unless an immediate response is necessary. DCYF considers many factors, including but not limited to:

- The age of the child;
- Whether the child has a physical, emotional, or cognitive disability;
- Whether there is a risk of the perpetrator having access to the child;
- What information, if any, is available regarding the non-offending caregiver's response to the allegation; and
- The seriousness of the allegations in the report and the urgency of the safety of the child.

Regardless of when face-to-face contact will occur, a DCYF investigation must commence within 72 hours, including weekends and holidays, per RSA 169-C:34,I.

In-Home Perpetrators

The protection report is forwarded to the appropriate DCYF District Office for assignment to a CPSW if the alleged perpetrator is believed to be one of the following persons, now or at the time the incident occurred:

- A household or family member.
- A non-household member, when the parents of the victim are not protecting or are unable to protect the child.
- Not yet identified by the victim

Reports to law enforcement are made by the CPSW from the District Office when staff believe the assessment involves a crime against a child.

Special Investigations and Out-of-Home Perpetrators

DCYF has a Special Investigations Unit to investigate if the perpetrator is believed to be one of the following persons:

- A staff member or other resident of a state-administered or contracted institution where a child resides;
- A foster parent or other resident of a foster home when the allegation is regarding a foster child;
- A childcare provider in a residential setting; or
- A staff member or resident of a group home or rehabilitation center.

If the alleged perpetrator is believed to be a non-household member who does not have continuous access to a child and the parent is protecting the victim from the individual, there will be no assignment to a CPSW, unless DCYF assistance is specifically requested by Law Enforcement.

All child deaths will be assigned to Special Investigations.

DCYF Assessment Process

Thoughtful planning of an assessment is critical to assess the safety of the child and to minimize the risk of harm.

What history does DCYF have with this family?

Are there indications of medical needs of the victim or other household members?

Are there risks to the CPSW and how can they be minimized?

Is law enforcement involvement indicated?

Assessment

Assessment Workers must:

- Prioritize the safety of the child first
- Initiate a relationship with the family
- Determine the validity of the report
- Determine if services are needed

Assessment

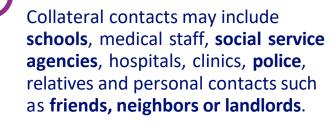

Assessment

- The Assessment process is meant to be rehabilitative, not punitive.
- The goal is to engage with the family when concerns are identified and work with them to identify solutions that can help resolve those concerns.
- The family's connection to the community is considered a strength and a source of support.
- Alternative interventions will be required only when safety cannot be ensured.

Assessment - Collateral Contacts

A collateral contact is a contact with any individual within the community who can provide information about the family.

Under RSA 169-C:34,VIII, DCYF must notify the **primary health care provider** regarding the nature of the investigation when the primary health care provider is known to DCYF.

Conducting Interviews With Family Members

Interviews with siblings and non-offending caregivers should be conducted as soon as possible and must be conducted in a joint effort between DCYF and law enforcement.

Law enforcement and DCYF should demonstrate cultural competency during interviews and observations.

Home visit observations are an integral part of the assessment process, including documentation of observable physical and emotional data.

Completed Investigations

DCYF has **60 days** to make a determination of abuse or neglect

If the criminal investigation results in a delay beyond 60 days, Law enforcement should provide DCYF regular updates and a final determination of the investigation.

If it is determined that abuse or neglect took place, then DCYF must determine the ongoing safety of the children and whether any interventions can be made to prevent removal and maintain the child safely in their home.

When DCYF believes that provision of services would benefit the family and help reduce further risk of abuse and neglect, DCYF can provide voluntary services to the family during and after the investigation (RSA 169-C:34,V-a).

Assessment - Dispositions

- "Unfounded Report" means that DCYF has determined there is insufficient evidence to substantiate a finding that the child is abused or neglected. These assessments may be closed with referrals to services.
- "Unfounded, But with Reasonable Concern" means DCYF has determined there is probable cause to believe the child was abused or neglected, however, there is insufficient evidence to prove by a preponderance of the evidence that the child was abused or neglected. These assessments are closed with referrals to community services or access to a "Voluntary" case.
- "Founded" means that an incident of child abuse or neglect is believed to have occurred.
 - Founded, Court Action" means a determination is made by the court that a child has been abused or neglected and a family service case is opened.
 - "Founded, Problem Resolved" means a determination has been made by DCYF that there is a preponderance of the evidence that a child has been abused or neglected, that the presenting danger has been resolved through various means, and there are no ongoing safety concerns.
 - Founded, Services Only" means that an agreement has been reached with the family that there is sufficient evidence that an incident of abuse or neglect occurred, and the family is willing to engage in services.

Caregiver Support

The NH Family Caregiver Support Program is available to caregivers over 18 caring for a loved one with Alzheimer's or other related dementia, adults over 60, parents of adult children with disabilities, as well as grandparents and other relatives over age 55 who are raising their minor relatives.

- · Information about community programs and local resources.
- Assistance in assessing individual caregiving needs, help in identifying options, and accessing local providers.
- · Individual counseling and access to support groups.
- Education and training to help develop caregiving skills.
- · Respite care services to provide a temporary break for eligible full time family caregivers.
- For some caregivers, there are limited services that complement the care the family caregiver is providing that
 may include chore services, assistive equipment, home modifications, and transportation services.

Medicare Education Assistance

- Free, confidential unbiased health insurance counseling
- Assist in applying for cost savings programs to reduce out-ofpocket expenses
- Compare insurance plan options based on individual prescription needs
- Analyze other Medicare programs such as supplements and Medicare Advantage
- Trainings and self-guides so individuals can do their own research
- Lending library of Medicare publications, resources and caregiver information
- Enrichment opportunities to become a volunteer with the SHIP program to help people with Medicare in your community

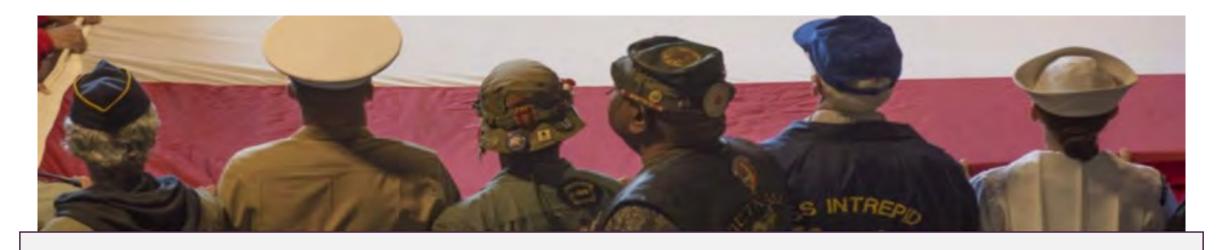

Preventing Medicare Fraud

Veteran Directed Care Program

The Veteran Directed Care Program is a partnership between a Veteran, their local VA Medical Director, and the ADRC Options Counselors. The program hopes to honor the service of our country's Veterans by providing them with the tools and resources they may need to remain living at home rather than living in a nursing facility. Referrals are received directly from the VA Medical Center.

When to Refer to your ADRC

When individuals need assistance accessing services or resources related to aging, disabilities or long-term care

Situations where someone requires help navigating available support services

When someone needs help finding care options that meet their needs

If individuals or families need guidance accessing community-based resources

When an individual needs additional guidance through the long-term care application process including Medicare and Medicaid Services

It could happen to someone you know

As awareness improves,

continues to rise annually.

the number of reported cases

It's the Law

You must report adult abuse

Ifyou suspect or believe that you are, or someone else is, being abused, neglected, self-neglecting or exploited the Adult Protection Law requires that you report this to the Bureau of Elderly and Adult Services, Adult Protective Services. You can do this in one of three ways:

Call: 800-949-0470 or 603-271-7014

Fax: 603-271-4743

Email: apscentralintake@dhhs.nh.gov

All calls and contacts are completely confidential.

Abuse Hurts at any age

ADULT ABUSE

SELF-N APS Reports can now be filed through NHEasy

Adult Protective Services

In New Hampshire, adult abuse is defined by the Adult Protection Law (RSA 161-F: 42-57). Adult abuse is any action or omission that results or could result in harm to a person age 18 or older who cannot provide for his or her own care and protection due to the effects of aging or a chronic illness or disability.

The Adult Protection Law identifies six types of abuse: physical, emotional, sexual, neglect, self-neglect and exploitation. As required by law, the NH Dept. of Health and Human Services, Bureau of Elderly and Adult Services, receives and investigates reports of adult abuse and, when necessary, provides protective services.

It is estimated that only one in six cases of abuse towards an adult is reported.

- Affects adults across all ages, socioeconomic groups, cultures and races, and can occur anywhere.
- Common risk factors: being female, being an older adult, having dementia, mental health or substance abuse issues & isolation

Self-Neglect

Self-neglect is the type of adult abuse most commonly reported. It occurs when an at-risk adult cannot or does not care appropriately for herself or himself.

Some signs of self-neglect are:

- Frequent falls
- . History of fires or burns from smoking or cooking
- · Hoarding that interferes with safety
- . Inability to manage finances or pay bills
- · Noncompliance with or inability to take medication as prescribed
- · Unclean physical appearance, soiled clothing, inappropriate clothing for the weather, fecal/urine smell
- . Unsanitary conditions in the home
- Untreated medical conditions
- Wandering or getting lost.

What to Look For

Signs and symptoms common to all types of abuse and neglect may include:

- · Being left alone for long periods of time without supervision or assistance when it is needed
- · Experiencing malnutrition/dehydration
- Fear, anxiety or agitation around certain household members or caregivers
- Increasing withdrawal and isolation
- · Lack of routine medical care
- Misusing or stealing money or possessions
- Physical contact of a sexual nature
- Threats or intimidation or unwanted remarks
- · Unexplained bruises, welts or burns
- · Unexplained changes in health status.

What is the ...

Referral Education Assistance & Prevention program?

It is a prevention program available to all older adults in New Hampshire.

The program is designed to help you take control of your life, to live a happy, healthy, and independent lifestyle.

REAP provides education to help you better understand and deal with the many life changes you might encounter.

Eligibility

- · NH residents 60 years old or older,
- residents of a NH Senior Housing site, or
- · caregivers or family members of an older adult living in NH

Call 1-866-634-9412 if you have questions about eligibility.

Exceptions: Permanent residents of long term care facilities and active clients of a NH Community Mental Health Center are not eligible for the REAP program.

For REAP and other community resources in your area, call ServiceLink toll free at:
